It was nice getting
to know you But I still
don't know you enough so you
better do something about that!
the prom that was alright(huh)
I liked your dress even though it was
done about 5 minutes before. Hope
to see you a lot this summer & you
Better come down to the dock & say "hi"
O.K.! O.K.! have a good & exciting summer
Love ya Gabs.

Sally,
well we first met in homeroom, grossing out over mr. wood.
we then journeyed to the knowing of mutual friends.
i'm glad I got to know you this year. You're a
sweetheart and I know you'll go places. Have
a blast in Utah and don't forget all of us.
I plan to write you but you
got to write me first and give me
your address. Love ya babe

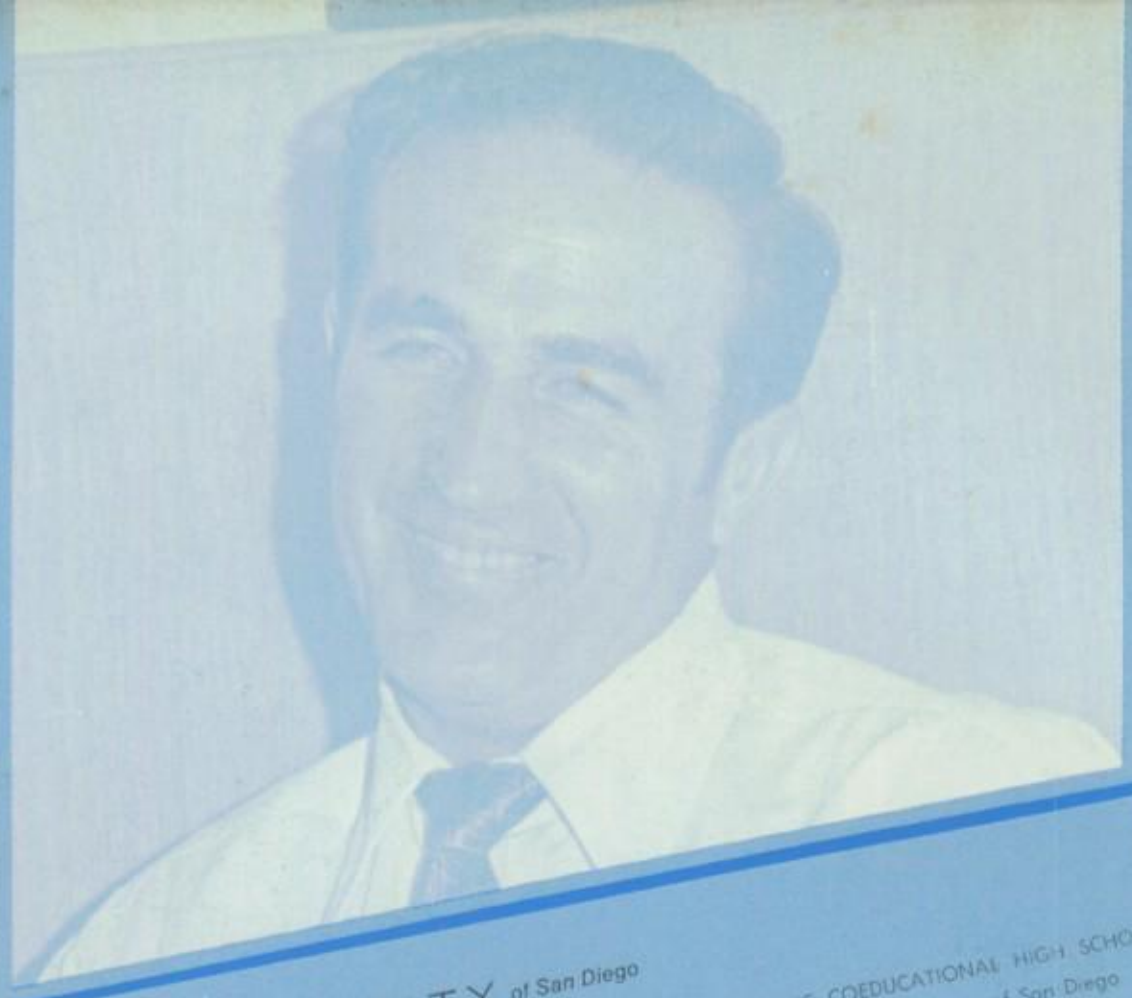
# PRESIDIO '76



UNIVERSITY of San Diego
HIGH SCHOOL

A CATHOLIC COEDUCATIONAL HIGH SCHOOL
Operated by the Diocese of San Diego

## OPEN LETTER TO UNIVERSITY HIGH COMMUNITY

At University High School, one of the most valuable goals for each student is to grow in self-expression. The School tries to foster a strong, confident sense of worthy selfhood in each student.

Effective self-expression proceeds from healthy self-concepts interacting with other persons and with the worlds of art and nature.

Self-expression in perspective finds satisfaction in communing and interacting with the self-expression of other persons. It recognizes the rights of others to be equally self-expressive, thus blending self-discipline and mutual considerateness with self-expression.

One associates other fine qualities with self-expressiveness--creativity, spontaneity, intuition, imagination, articulateness, openness, and aesthetic awareness. All these virtues are sought and cultivated at Uni High, both in the classrooms and in a great variety of activities.

Congratulations to PRESIDIO-76 for its choice of a theme so close to the heart of education's purpose and of Uni High School's commitment to its students, teachers, and parents.

Gerald W. Giles

5961 LINDA VISTA ROAD · SAN DIEGO, CALIFORNIA 92110
TELEPHONE (714) 298-8277

Gerald Giles had no idea he would someday end up a principal at University High School. In fact he started out studying opera. He loved the theatre and wanted to be part of it.

But before he could fulfill this dream he was whisked into the army. When he came back he worked for the aircraft industry. After eight years he went out to fulfill his dream again.

His desire to express himself in the theatre led him to a job directing school plays. He would also teach English. He began teaching in Illinois, Nebraska, Ohio and New Jersey.

After years of teaching he heard there was an opening in San Diego. It was a principal's job. He came down to San Diego and looked over the school. He liked what he saw. We hope Mr. Giles will remain with us for a long stay.

With the beginning of school in September, many individuals wondered if having a new principal would change the daily routine. Gradually throughout the year we became more familiar with Mr. Giles as his easy-going personality became an encouraging part of each day. The initial hesitancy wearing off, we came to find an understanding friend and enthusiastic leader in our principal.

So, to Mr. Giles, with our thanks for being our friend and our leader, the yearbook staff dedicates Presidio '76.

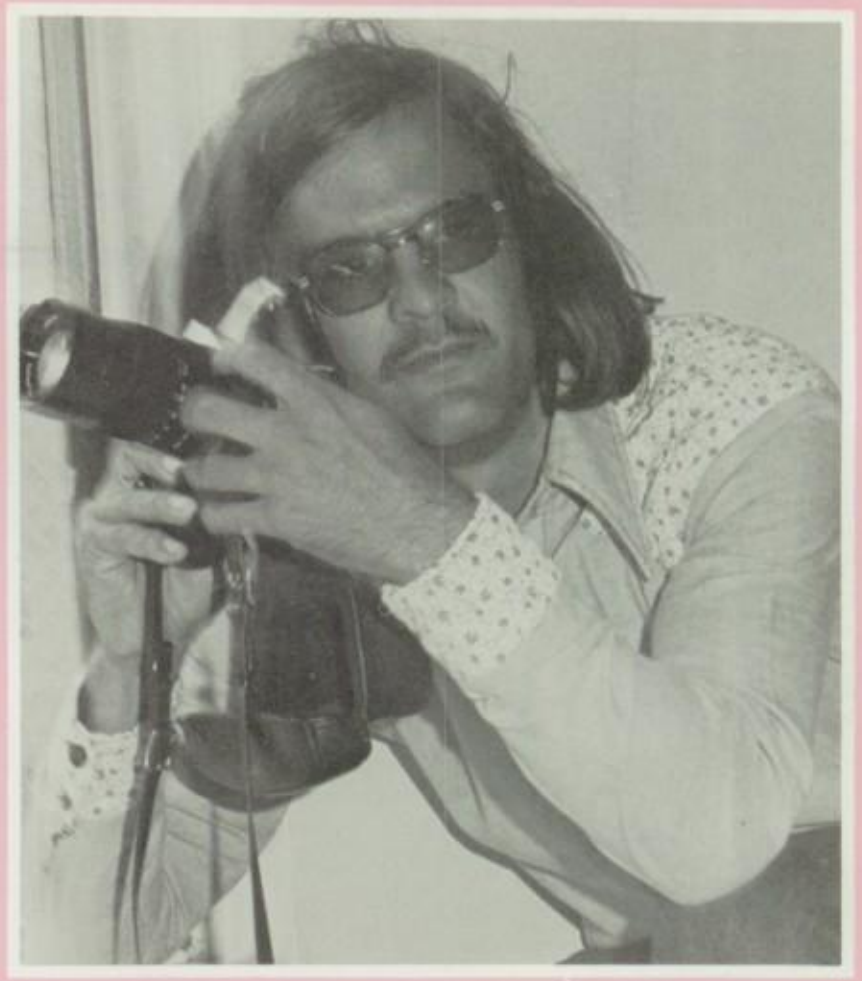
# Self-expression

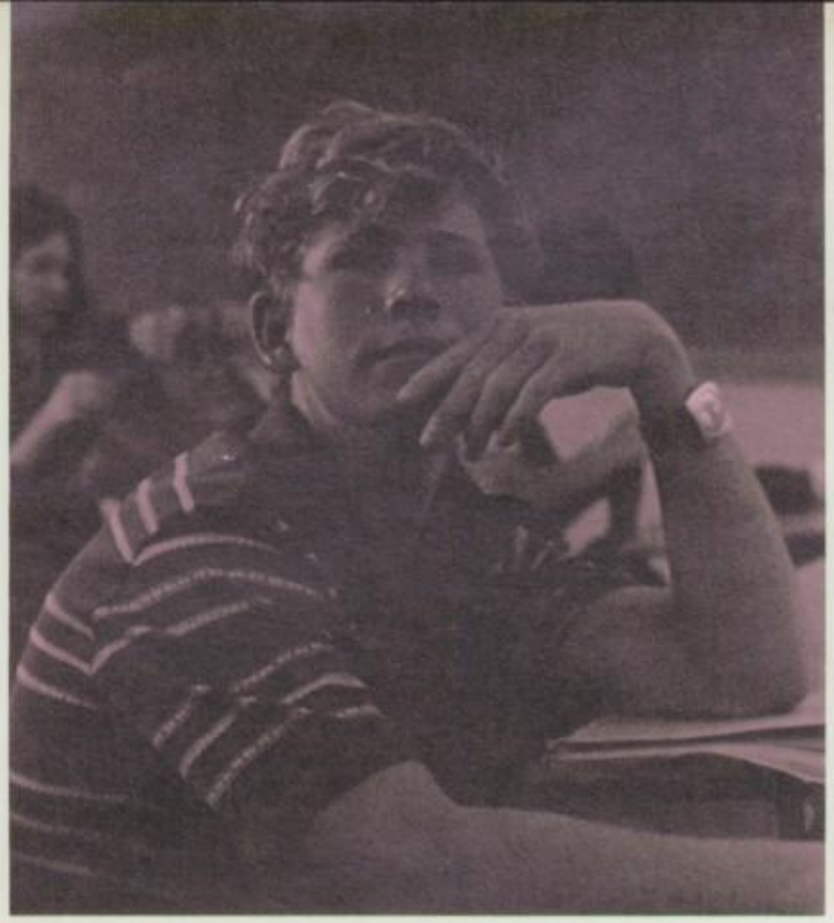
Celebrating our 200th anniversary we think of the ways the people in our country have expressed themselves through the ages.

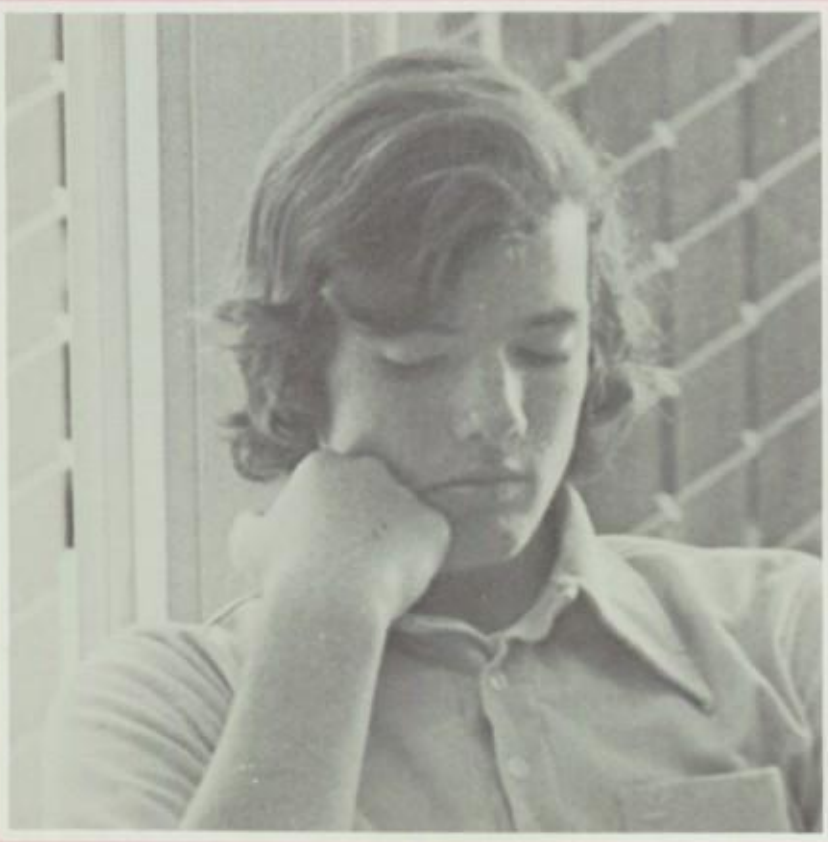
Ben Franklin expressed himself in his experiments and his writings; Washington expressed himself as a general and the father of our country; Betsy Ross expressed herself when making our flag; Francis Scott Key did it when he wrote our national anthem. Dolly Madison expressed herself through her cooking, Thomas Paine through his writing, Patrick Henry through his famous speeches, Florence Nightingale through her nursing. Thomas Jefferson's way of expressing himself was in the writing of the Declaration. Daniel Boone's explorations were his way of self-expression. J.F. Kennedy expressed himself through his presidential power and Gerald Ford is expressing himself as President. All through history people have expressed themselves.

We express ourselves in many different ways--a smile, a frown, a word, a sound, and an action. We express ourselves by the way we act or feel. If we are unhappy we express ourselves by frowning and/or by expressing our unhappiness by words and tears. If we are happy we express ourselves in many ways at the same time. We smile, we laugh, we jump, we sing, and we cry when we're happy.

The freedom of self-expression is given to each citizen of the United States by our forefathers. As students at University High School we are given the right to express ourselves in the way we choose. Some may decide to join a club, some may go out for sports, while others may decide to prove themselves in Academics. We, the staff of Presidio '76, wish to show in this yearbook some of those who EXPRESSED THEMSELVES FREELY THIS YEAR.







# El Cid workers keep student body informed

The El Cid newspaper staff works through many long and diligent hours to meet a deadline which is usually every 2 weeks. In these hours many things happen, such as: interviewing students and faculty and reporting about current activities. Creating a newspaper is an expression and reflection of various Uni students. Perhaps in the future some of these students will continue to express themselves in newspaper publishing.

Creative duties allow A.S.B. officers to express themselves. The emphasis in student government is placed on leadership qualities with responsibility ranking number one. The atmosphere of meetings, social activities and long term planning for events prepares the officers for later service in their community. Recognizing their maturity and social awareness we dare to compare them to our city leaders.

One of the basic needs of man is to express himself. Through government, football, music, art, history, and other things, people at Uni show others what they are like. Presidio records a few of these ways of self-expression.

Putting together a yearbook takes many hours of creative, hard work. But, all work and no play isn't the policy of the Presidio staff. Laughter, frustration, good ideas and bad ideas fill the publications room. And the final result is another book of memories, PRESIDIO '76.

"Working on PERSPECTIVE gives me a chance to get 'deeper into' creative writing and improve my skills there. Writing, all kinds of writing, is my favorite form of expression--and working for PERSPECTIVE offers me another way of expressing myself."

# Perspective

**. . . expressing the thoughts we all hold within us . . . by those capable of relaying them on paper.**

Perspective's four editors and moderator, Sister Constance.

PAT FRANKLIN, editor
"Working on PERSPECTIVE is a way people can share their inner selves through their work. It's truly a 'creative outlet' for people who really want to express their ideas to others."

You reach out your
hand,
and I am here.
You smile to show you
care,
and I smile with you.
Your warm embrace is
soothing,
and I lock my arms
around you.
Your eyes are
searching,
and I've seen them
wonder.
We both search for
freedom--
but yet we're still
bound.
If love holds no bounds
--then aren't we free?
-Pat

These years have
seen a drastic
change take place,
My philosophy
has turned an
about-face.
From wishing
for the day
that I'd be grown,
To dreading the
day that I'll
be on my own.
Searching and
finding myself,
only to lose it again.
But making it,
with the help of
all my friends.
-Cheryl

University's literary magazine, PERSPECTIVE, offers students a vehicle for publishing their creative works, both visual and verbal. It is published in late spring each year.

This year Uni sponsored a Creative Writing Contest in conjunction with PERSPECTIVE. Two major prizes were awarded: one for Level 9 and 10; one for Level 11 and 12. There were also top-paper honors in each category: short story, poetry, critical essay, scenario, and article.

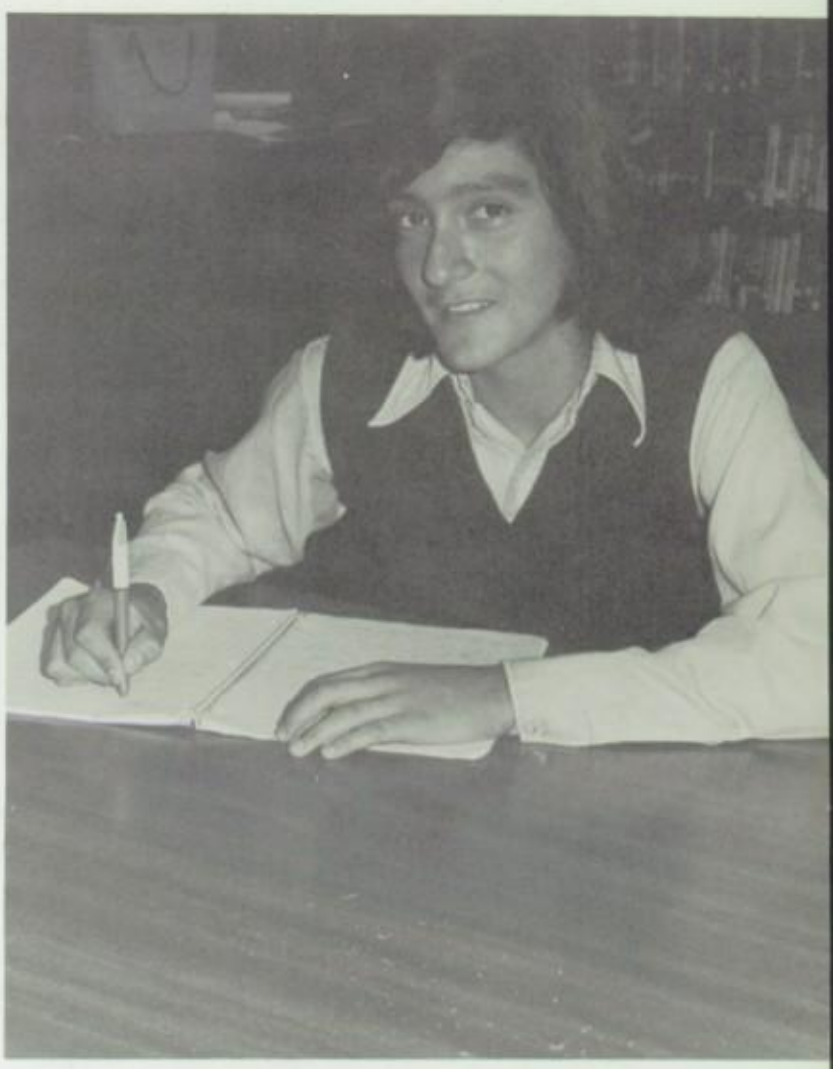
Judges for the writings were English teachers from other schools. Winning and top papers were announced through publication in PERSPECTIVE.

TRACEY JUDITZ, editor
"PERSPECTIVE isn't just an ordinary word. It's an expression of YOU because it opens so many avenues to life. PERSPECTIVE is your views and how you present them in your own style.

PERSPECTIVE is a free form book. That's why I'm part of the editing team. I love doing things that have no wall or structure, because I can express my feelings and moods through my illustrations."

Sometimes
I think of
God and nature...
two powers
too great
to explain.
Nature
exploits all
beauties and
wonders of
life and
death...
while God
reigns king
of both.

-John



JOHN WARRINER, editor
"To me, creative writing is a form of communication--and a much deeper means of self-expression. Creative writing is a way of expressing thoughts between the writer and the reader. PERSPECTIVE is a way I can obtain experience in writing, and express my moods and feelings to others."

# Most spirited Homecoming in 9 years

This year, Spirit Week and Homecoming definitely was the most enthusiastic, exciting, and rowdiest event Uni High had had in a long while. The school was bombarded with posters, paint and chalk as the classes competed for the annual 'Spirit Mug'.

The Homecoming game was victorious and just as spirited as the preceding week. Attendance was great and all the classes were excellently represented, as the 13 to 6 victory over San Diego High contributed to the spirited atmosphere.

No one can actually say why the great burst of energy and spirit was shown this year, yet for whatever reason, hopefully it will continue and grow stronger with each year.

Uni has variety of dances such as; soul, rock, formal, informal, and Sadie Hawkins dance.

The first big dance was Homecoming, a semi-formal affair. The band, Listen let people rock out or be in a quiet romantic mood.

One of the highlights of the year, the Prom, was in the elegant Grand Ballroom at the Hotel del Coronado. The Prom was sponsored by the Juniors for the enjoyment of the Upperclassmen.

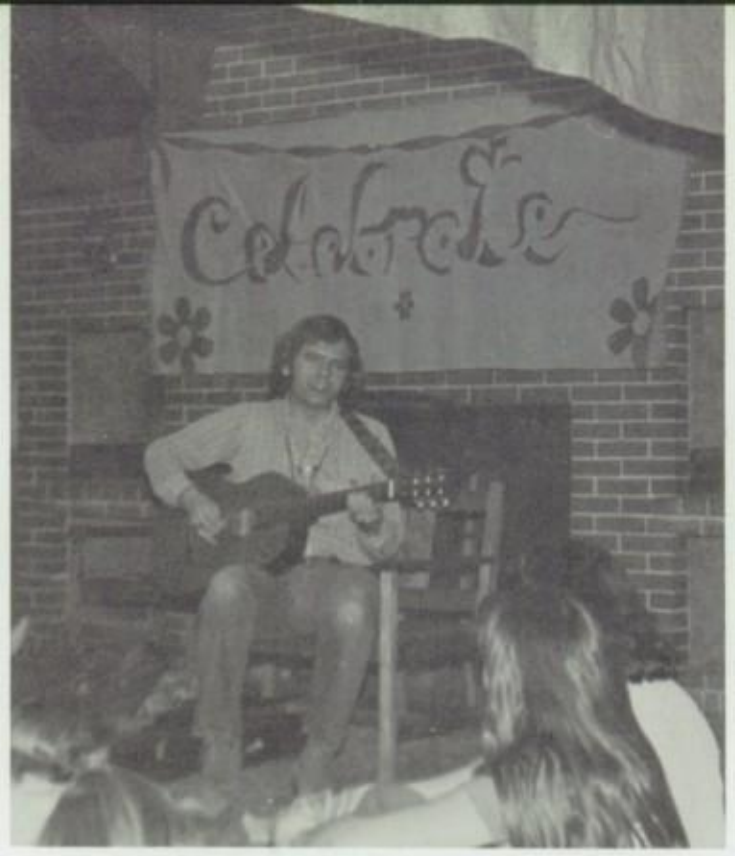
# Searchers seek



I'd really like to be genuine and spontaneous, and me; but you've got to help me. You've got to hold out your hand even when that's the last thing I seem to want, or need. Only you can call me into aliveness.

What is a Search? Friendship, sharing, togetherness and love.

. . .we have a lot of growing up to do, a lot of running scared to stop, a lot of being honest with ourselves to learn.

Fr. Pat Foley

The senior class surprised everyone this year with a sudden burst of energy. They regained the coveted spirit mug after expressing themselves so freely.

# Seniors got spirit, you got to hear it!

During Hi-Jinx, the ruling class united once again to take the Christmas cup. The amount of spirit floating around was overwhelming.

Uni's mid-term graduates had commencement exercises for the first time this year. Ceremonies took place at Holy Family Church on Jan. 24. Presidio '76 would like to extend their congratulations and good luck wishes to the graduating class of '76.

# INSTRUCTION

# Learning creative ways to use English.

"Boy, this is good."

The Children's Literature class had a special event in January where many small children were seen wandering around the campus. A special day was planned for them to be entertained by the students in the class. A story corner, puppet show and luncheon entertained the children for the whole day. The children had a wonderful experience as did the students.

"Can I light my torch now?"

English 1A was working on a library project. They picked an era to do research on and instead of writing a paper they performed a skit.

Mark's "twain" by Konrad Yoes

It was a peculiar day when Mark's "twain" came rolling into Mr. Weir's English 3A Class. The Junior Honor class was having a special assignment to tie in an author with a food. Konrad used Mark Twain's pen name to build a locomotive out of cake and other goodies.

Moby dick gives a smile.

Teresa Sotelo made a cake in the shape of Moby Dick, She decorated in in red, white, and blue to show the symbols of America and their importance in American Literature.

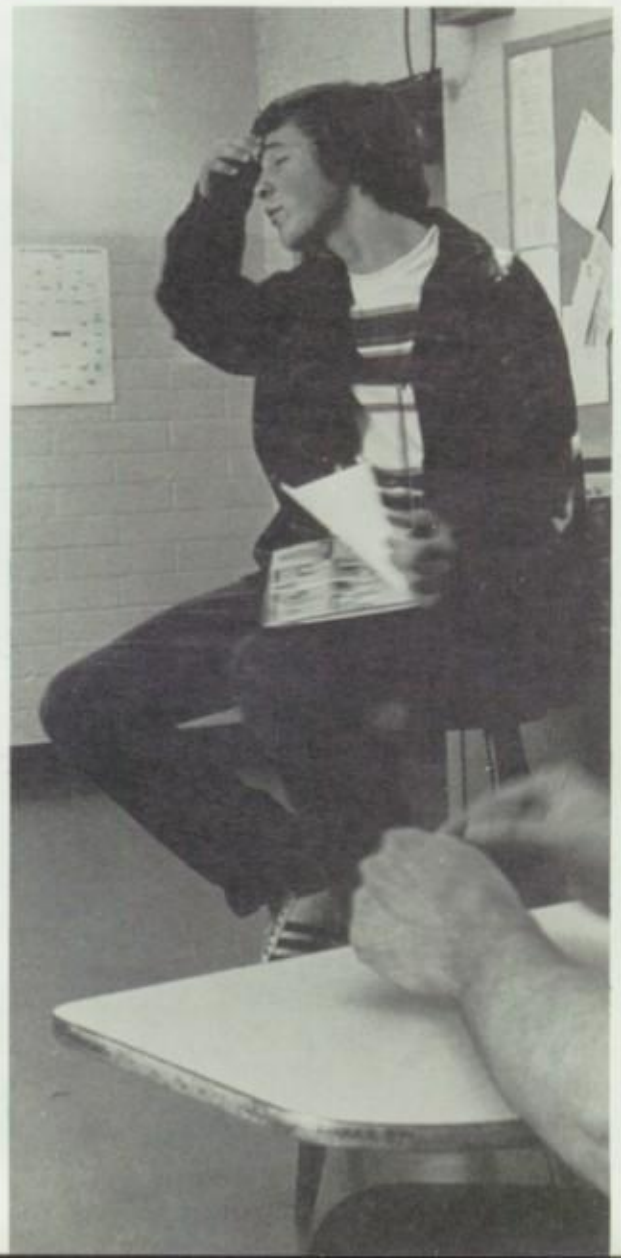
Comic Spirit class is an English elective for Juniors and Seniors, which deals with looking into the humor in literature and every-day life. Along with reading the text and information from the teacher, the students gave skits on their ability to provide humor for the class. Jane and Rhonda are shown doing a question and answer on "How to Improve Sexuality." Scott Sullivan did a project on a cartoonist who lives in La Jolla.

"Wow is me!"



# Business courses prepare us

A new kind of shorthand was introduced to our school this year. The business department now teaches Century 21 shorthand instead of Gregg. Our school is one of the first in this district to go to this system of shorthand.

"Hello!"

Michele practices her shorthand.

"What kind of squiggle is that!"

Would anyone like to find out "How to Get a Job?" If this interests you Mr. Fregly's class may help you. He worte his own textbook and is the only person to teach such a course. He and his book tell everything one needs to know about getting a job. Here Mr. Fregly gives Ed Sweeney an interview to find out if he is qualified for a job.

# for careers.

Typing One is a course designed for the average student to learn the basics of typing. Each student learns the keys and a few important aspects to use for other classes.

For more advanced students interested in a business career, there are plenty of electives available. Typing Two and Three enlarges your potential and increases your job entry skills. Typing Four, just introduced this year, gives job training for secretarial work. Here work is on an individual basis and increases speed to unlimited possibilities.

Miss Ruiz begins her class.

Lucy practices with a smile.

Typing is serious work.

Judge Cooney speaks about trials.

Superior Court Judge Cooney comes to lecture the Business Law class every year. He shows them the courts and there they watch a trial. Two of his sons attended school here and were involved in wrestling.

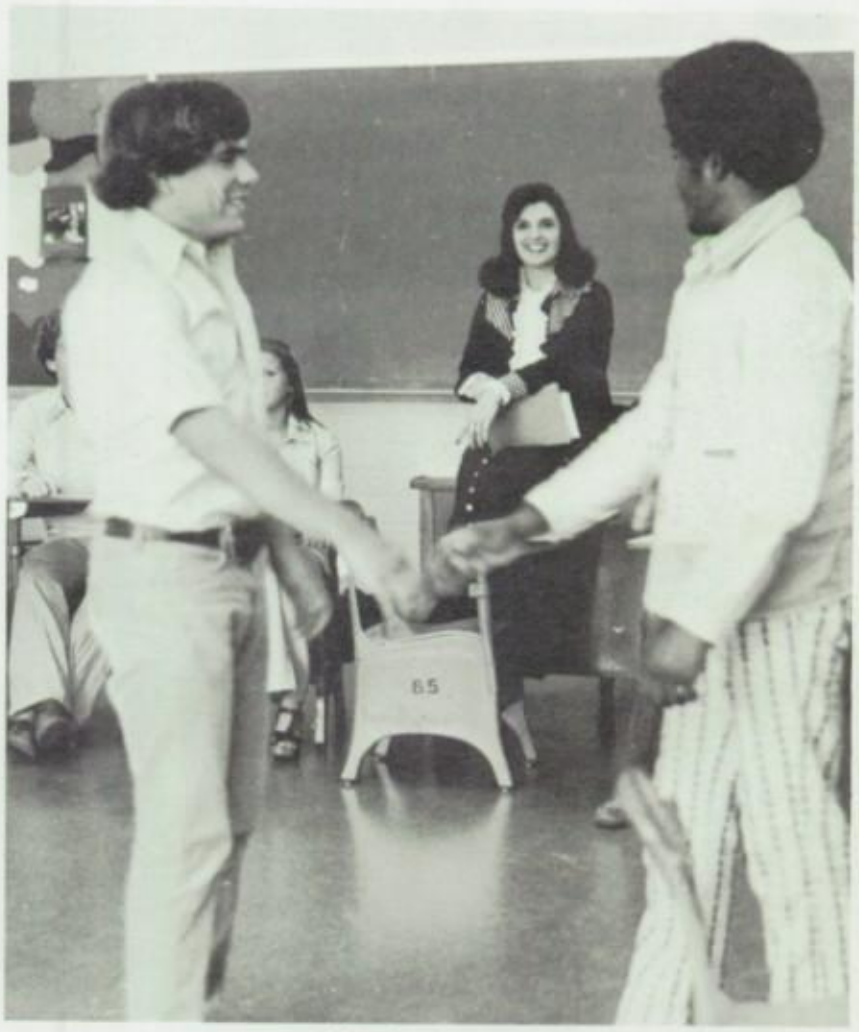
"I don't know how to tell you this, but . . . "

Interested students look on.

"Hey, what's happening back there?"

Religion is essential in our school. Most of the students attending Uni are Catholic. Our school has a very open religion department, with classes from Meditation to Theology. Taking these courses can be a rewarding experience if we achieve what we wish out of them.

"Do I have to shake his hand?"



Mr. Spring uses the board to prove his point.

Chorus group in Fashion Valley.

The choral group is in full swing this year. They made many appearances to others as well as the school. They participated in a Christmas concert here and also went Christmas caroling in Fashion Valley.

Under the direction of Mrs. Karnopp, Uni's school band has played at our football games and a stage concert.

Crafts gives everyone a chance to be creative and take their frustrations out on a piece of wood. Advanced crafts is for those who have already taken crafts and would like to go on. More advanced and larger projects can be created in this class.

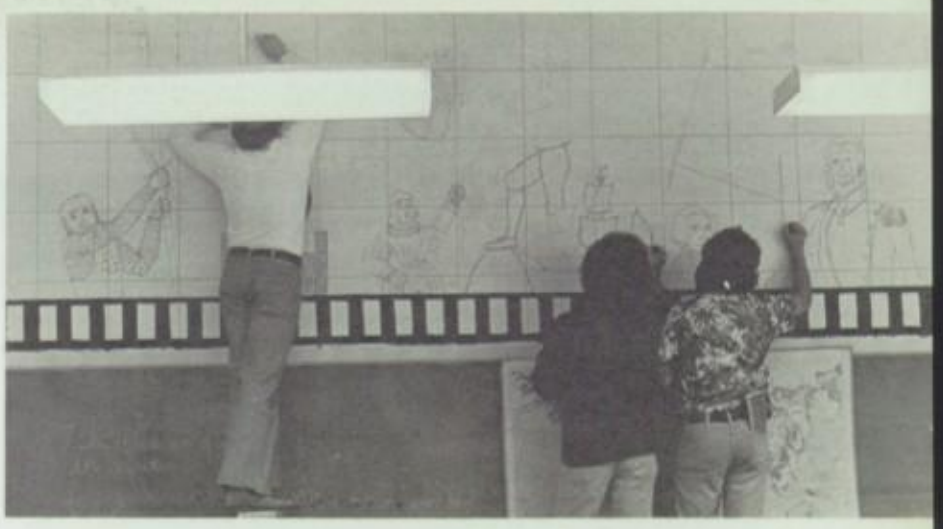
Bachelor Survival class is designed for boys who wish to make use of the things around a kitchen. They learn how to prepare dishes and generally to be able to make any meal they wish during their bachelor life. Even after marriage they can show their wives how great a cook they are and help her in the kitchen.



Students illustrate eras in history room.

Members of the Art 2 class have been working on different murals this past year.

One such mural was a continuation of a painting started last year inside room 22. Working on that mural was Teri Peterson.

In the football locker room a mural depicting all of Uni's sports was worked on by Nancy Kassebaum and Barb Uebbing.

Others working on these murals were Tracey Juditz, Kerry Krava, Mike Rapp, Claudia Baker, Tracy Thomas, Mike Deptuch, Richard Desmond, Theresa Collins, and Theresa La Plante.

Learning another language is a great way to talk to other people. This way we can communicate with anyone and become friends. Talking in a foreign tongue is a way of expressing ourselves to others who do not speak our language.

Physical education is an essential part of school to keep us healthy and in shape.

Science is an intriguing subject. It opens our minds to new ideals. It has made our society the way it is today, technical and more advanced than other worlds. By learning the basics, forming hypotheses and doing experiments one can learn many new and improved methods of making our life better. Science is the basis of the medical occupation which we really need to help keep ourselves healthy.

# Mini courses are a way of learning.

Mini-course week gives everyone a chance to relax between semesters. There are courses from cooking to creative projects and trips from the Cuyamaca Mountains to San Francisco. Everyone had an opportunity to learn a new field of entertainment and have fun while doing it.

The Bicentennial Mini-Course was most luxurious this year. Students went on an eleven-day tour to the east coast to view the historical sites left by our forefathers.

# Charity bowl:

# Spirit and tradition

The University High Dons began their football season with an enthusiastic victory over the St. Augustine Saints in this year's Charity Bowl game. With a final score of 13 to 6, spirited Uni fans supported our team to triumph.

The Don robot made its debut, and the cheerleaders boosted the overwhelming crowd participation. The Charity Bowl was also a financial success, bringing in $6,000 for the Catholic high schools in the area.

University High School's varsity and J.V. football teams had a pretty good season under the direction of a new head coach, Mr. Paul Wargo. The varsity team had 2 important victories, the Charity Bowl and the Homecoming game, making some progress from last year. The J.V. team had a better season, with a final 4-5 record. Both team's defenses were especially aggressive and hard-working. The Dons had many outstanding players, several of which had injuries causing them to sit out one or more games. Overall, the teams played with confidence and spirit and provided excitement for Uni fans.

2- The fearsome foursome ready for kick-off.
3- Center Jim Gonzales prepares to hike.
4- The Dons tackle a Long Beach opponent.
5- The Dons: a study of concentration.
6- Richard Patton displays his skills.

# Frosh football claims best record

The freshman football team had an excellent season with 5 wins, 2 losses, and a single tie. The team members, many of them new to football, practiced and played hard under the coaching of Rudy Casciato. Hopefully, if this teamwork continues, a good J.V. team will develop for next season.

ROW 2- David Harlan, Andy Calderon, Cliff Sharp, David Soule, Chris Soule, Leo O'Brian

1- Wonder what they're thinking?!
2- Sparky stretches before a meet.
3- David Harlan leads the pack.

Competition on the Cross Country team takes practice, discipline, and determination. Members of the team run up to ten miles a day, on beaches, streets, and in canyons. The team worked hard under the instruction of Coach Ratelle, and took only 1 meet, partly due to the injuries of several players. The team being made up mostly of juniors and sophomores, Mr. Ratelle foresees a good season next year.

# Runners show great potential

# Water-Polo Homecoming activities and team

Water-Polo Homecoming this year was quite an event. The Homecoming games and activities took place at the USD pool, where they were attended by many students, parents, and faculty members. Both the varsity and J.V. teams played against Army-Navy Academy, and both were victorious. The varsity won by a score of 13-5, and the J.V. by 11 goals to 7.

4- What do you think you're doing?!
5- The J.V. battle to defend their goal.

Under the experienced coaching of Mr. Wilimek, the water-polo teams had a fairly good season, despite an unusually young team. The varsity team took 2 out of 18 games. The J.V. team won 6 games and lost 11. The teams' strong points were their youth and the fact that they worked well together as a team. Prospects for next year seem good, since the majority of the team will return to work on improving team speed and ball-handling skills. There is also a good possibility of the team going co-ed.

The girls' volleyball teams showed spirit and skill this season under the coaching of Sister Sara and Mr. Altamirano. The varsity team was victorious in 5 out of 10 games they played and the J.V. team also did well. The teams, mostly juniors and sophomores, showed a great deal of natural ability and a willingness to learn.

J.V. team: ROW 1- Socorro Rodriguez, Monica Siesel, Anne Schanberger, Mary Laterza, Dawn Hopkins ROW 2- Joan Robbins, Carla Everett, Michele Codhina, Linda North, Sue Smith ROW 3- Mary Connolly, Anna Thompson, Carin Faz, Lynn Sharp, Cathy Busalacchi, Martha Lara, Jeannine Alioto

1- Linda and Kim discuss their next moves.
2- A pensive Coach Prather watches the action.

The girl's badminton team did not have as good a season as they would have liked, losing the five games they played. The team's coach, Mrs. Prather, felt that the team improved in itself, and worked well together, with exceptionally good smashing. The team practiced every day to improve their skills, especially drop shots.

# Girls splash through good season

The Girls' Swim teams did quite well this season, as a result of hard early-morning practices, several outstanding swimmers, and the guidance of Miss Beckett. The teams were especially strong in the breast and free-style races. The varsity had an excellent season, winning 3 out of 4 meets, and an even more difficult accomplishment, took first in the City League Finals. The J.V. team results were not as good, 1 win and 6 losses, but they tried hard and enjoyed themselves.

Varsity team: ROW 1-Joni Mangiameli, Paula Krische, Mary McPherson, Carrie Miller, ROW 2- Annette Fenton, Gloria Urban, Carol Khambata, Patrice Krische ROW 3- Barb Franklin, Jore Greenwood, Nancy Robbins

# Soccer team shows vast improvement

1

This year's soccer team has improved greatly both from last year's team and within itself. Coach Spring feels that a fine defense and twelve returning lettermen are strong points of the team. Jim Graber and Matt Costa are just two of the several outstanding players.

6

This is the first year that Mr. Cosentino has coached the varsity basketball team. He feels that the team was aggressive and improved from the beginning of the year. The starting line-up, like the rest of the team, was made up mostly of Juniors, and was Steve Renning, Chris Hanning, John Tatum, Milburn Stevens, and Ken Hogan. The team practiced every day and worked hard at it.

1- Melburn looks for an opening.
2- Starting guard Chris Hanning.
3- John Tatum goes up against San Diego.
4- Tense Dons watch the action.
5- Denis Barba
6- Milburn Stevens eyes the basket.

# Improvement: the key to J.V. Basketball

Toby Schramm, Guy Sawyer, Steve Cesare, Todd Flores, Bud Schmitz, Richard Patton, Carl Howell, Tim Hughes, John Fowler, Dan Souza, Andy Szczotka

The Junior Varsity basketball team has improved vastly this year, a result of excellent attitudes on the part of the players and an equally strong offense and defense. The team is made up almost exclusively of sophomores. Coach Don McCormick feels that the team works well together.

1- A tense moment for John Fowler.
2- Coach McCormick ponders his next move.
3- Bud dribbles around his opponent.

The frosh basketball team, coached by Mr. Serrano, boasts an excellent record for this season. The team draws much of its strength from fine shooting and the players have excellent possibilities for next year's J.V. team.

2

# Freshmen shoot for the sky

# Grapplers hold their own

The wrestling teams had a pretty good season, despite a lack of participation and several tough schools to compete against. The teams had an especially important victory against St. Augustine early in the season. The few freshmen wrestlers were divided into the varsity and J.V. teams. One frosh wrestler, Greg Williams, was outstanding in the lightweight division, while Rene Sandoval and Scott Flores proved to be tough as middleweights. The heavyweights who have done especially good jobs are Chuck Schoepp and Ed Krische. Another fine wrestler, Bruce Ognibene, broke his ankle during an early meet and was out for the season. Dale Siscon, coaching his first year at Jni, has high hopes for next year's teams.

# Girls' softball teams make their debut

This year's new girls' softball teams competed in the tough CIF league. The young and inexperienced teams showed tremendous potential for several years to come. Coach Patricia Robinson feels that the teams have an especially energetic defense. Despite numerous skinned knees and broken fingers, the J.V. team had an excellent season, and the varsity team held their own.

1 - Theresa Driscol takes a warm-up swing.
2 - Janine takes the pop-up.
3 - Just another hit for Uni.

ROW 1-Virginia Whitmarsh, Bridget Brown, Sandy Garza, Kelly Miller, Anne Graber, Pixi Cobos, Madonna Howard, Terri Willrodt ROW 2-Coach Ann Ryan, Janine Aliato, Karen Imdiek, Julie Schueneman, Jennie Berray, Jeannie Westrom, Carla Everett, Theresa Driscoll, assistant Marty Medrano ROW 3-Theresa Beeson, Pat Franklin, Mary Jane Felice, Gretchen Dietrich, Pam Lessing, Laura Alger, Kathy McGrath, Coach Patricia Robinson

# Varsity baseball banks on youth

Varsity Baseball Team: ROW 1-Richard Desmond, Pat Egan, Dan Franger, Paul Armijo, Mike Jean, Mark Silva, Joe Accardo, Rene Sandoval ROW 2-Coach Serrano, Tim Maxwell, Steve Markland, Ted Badillo, Dean Beaton, Marty Medrano, Andy Asaro, Joe Wood, Ron Eagn, Mike Kennedy, manager.

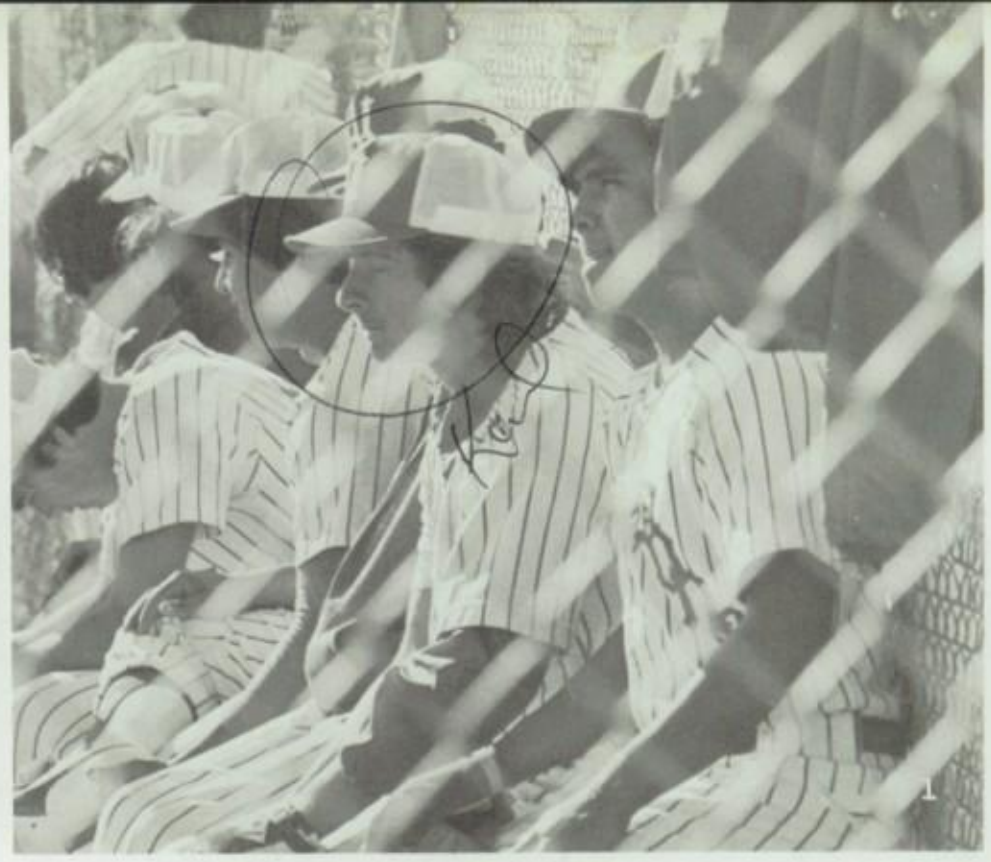
1 - J. Wood and Company.
2 - Ted up for a pop fly.
3 - Richard Desmond takes a mean cut.

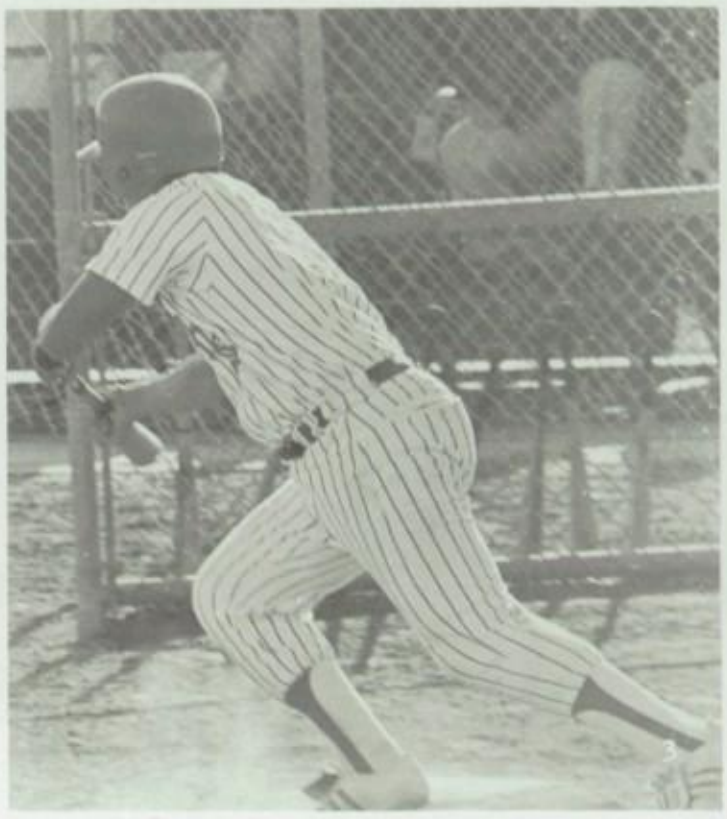
The varsity baseball team experienced a good year, rating high in a tough league. The team was exceptionally young, with eleven juniors and two sophomores. The five returning lettermen, Ted Badillo, Mike Jean, Joe Wood, Joe Acardo and Richard Desmond led the especially strong defense.

# J.V. shows "Spirit of '76

The Junior varsity baseball team had a respectable rating in the league this season. Coach Rudy Casciato, feels that much of the team's strength came from the many Juniors and capable pichers on the team. Three freshmen, Dave Martinez, Rick Ballelo, and Bob Jondall, were added strong points to the team.

1 - Waiting to bat--that caged-in feeling.
2 - Mike Thomas warms up before game time.
3 - Uni Don sacrifices for team.





Junior Varsity baseball team: ROW 1-Joanie Mangiamelli, Laura Algers, Annie Graber ROW 2-Eric Gilbert, Mike Thomas, Mick Preciado, Ronny Garcia, Mitch Akers, Mario Estrada, David Martinez, Carl Elam ROW 3-Bob Jondall, Danny Souza, Rick Balelo, Kathy Dalton, Tony Wanket, Dave Cammall, John Timmons, Coach Casciato.

Sally,
This year has been short but I think even though it did not see you much it was alright. Have a great time this summer and next year.

1 - John Turner practices pitching.
2 - Mike Ward takes a swing.
3 - Players discuss their offense.

The Freshmen Baseball team, relying on their strong points of pitching, defense and speed, did quite well this season. At practice they warmed up and then analyzed previous day's mistakes.

# Freshmen off to a good start

# Long year for Golf team

This year's golf team had a poor season, a result of young and inexperienced golfers. The only senior and letterman, Bill McKenzie, led the scoring, followed closely by freshman, Bob Sciacque. The team practiced every Monday and Thursday at Torrey Pines. Coach David Thoennes feels that the team is an enjoyable group and showed promises for next year.

1 - Bill lets out the shaft.
2 - Coach Thoennes shows the finer form.
3 - Who says making par is hard?
4 - The sky is the limit for Chuck.

ROW 1-Steve Tunnel, Bob Sciacque, Jim O'Hanlon, Pat Driscol ROW 2-Guy Pacurar, Larry Butler, Chuck Morningstar, Bill MacKenzie, and Coach Thoennes.

# Rough season for Track & Field

Distance runners: ROW 1-Leonard Filipowski, Joe Sposato ROW 2-David Harlan, David Soule ROW 3-Tracy Reed, Sparky LeBold NOT SHOWN-Andy Calderon, Jose Crave, Pete Hofman, Jose Romo, David Straumfjord

The boys' track and field teams did not have as good a season as they would have liked. One reason for this is that the team did not have a track and had to practice elsewhere. Coach Paul Wargo felt that the teams' strong points were the middle distance runners, especially David Harlan, David Soule, and Sparky LeBold.

# Aqua-Dons return

The swimming and diving teams had a fine season due to many returning lettermen and Coach Joe Wilimek. All but four members from last year's team returned plus eleven freshmen and four new divers. Four sophomores, Mike Goscienski, Shamus McLaughlin, Kelley Jones and Greg Achatz formed the backbone of the team. The team practiced every morning and afternoon, swimming constantly.

Junior varsity team: ROW 1-Mark Raggio, Robert Fadoua, Jon Bekken, Paul Romano, Phillip Schneider, Tom Solazzo, David Moore, Richard Pilsl, Mike Hagan, ROW 2-Coach Wilimek, Mike Robbins, Frank Fadoua, Matt Brown, Norman Gross, Dan Moore, Frank Richert, Bill Hollinger, Fred Osuna, John Raggio, Bill McIntyre. 1 - Craig Britt works on his forearm.
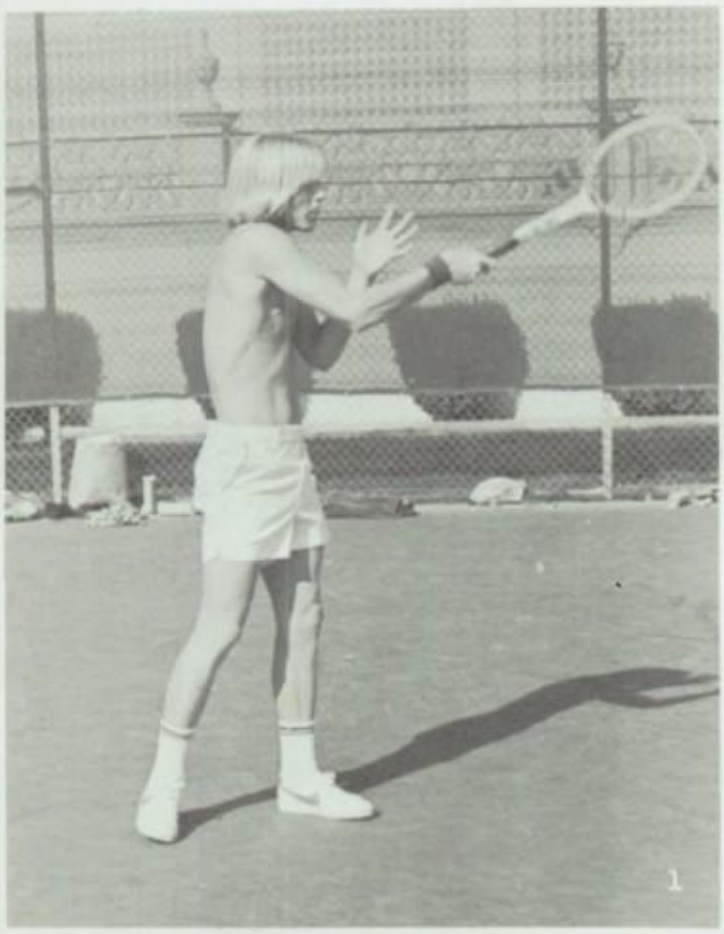
2 - Bill delivers an over-head smash.
3 - The Warriner serve.



The boys' tennis team had an excellent season. Coach Ed Shafranske felt the team had great spirit and truly enjoyed the game. An added strong point was Suresh Sivagnanam, who was CIF champion in singles.

ROW 1-Tom Hissong, Ian McCall, Brant Davis, Michael Anderson ROW 2-Coach Ed Shafranske, Andy DeMeyer, Craig Britt, Tom Clifford, Suresh Sivagnanam

Here goes another year. We have really had an interesting year. ~~Lets~~ Lets see, who have we gone through this year? John, Joe, Rudy, Steve, Scott, Dave, Bob, Jim, oh there is just so many I can't count. (I wish). Well Lets start out the summer hot. We really didn't get to do as much fun stuff cause of a previous relationship I had but that is over so we can get back down to buisness. We have actually known eachother for a year and we are like sisters. It just really FREAKS me out! We were just made for eachother. (ah isn't that sweet)° We are going to have to just have a bitchen summer. I want to just meet alot of guys. We can do it this summer since we will have our licenses. I want to spend a lot of time with you this summer cause I will really miss you next year and I want to do alot of things with you that we can remember and charish always. You have to promise that you will come back for 12th grade. Thats the only reason that I am staying at Uni is so that we will be together again in 12th grade and then from there we can do our plans of moving out together and getting an apartment. Remember the Homecoming I had such a good time with Steve. I think that was my dream date. I got so fucked up on that Tequilla it was unbelievable. I will always remember that party last week in Rancho. That was crazy and we just got so stoned and just drove and drove. what a joke! OL was such a joke at the beginning of the year. I swear when we changed schools together I just couldn't believe it. We will have to layout and get so black this summer and just go to all the parties and social events But we can't become stuck up like some people we know. I really don't know what I am going to do when you leave me. I really don't have anyother friend other than you to do anything with. I guess I'll just have to veg and have a year of just study, study, study You had better plan on having me up alot cause I'm going to visit you a few times. Jim and I are going to drive up in his truck and go skiing up there with you. I am sure you will have many other visitors knowing all the people that say they are going up there, we have really gotten in alot of trouble this year together. Wouldn't you say It has been a rather rowdy school year. We have ditched I swear about 1/4 of the school year and the other 3/4 we slept in our classes

FRIENDSHIP

compared to us we have been going to a nursery school. If looks like you'll be having a lot of hot dates next year. Won't that be nice. No drinking, smoking and no sex. that is the truly moral standard of ~~that~~ dating. (says aquinas) Ha ha I'm just kidding. You'll make friends with probably the rowdiest people that you will ever meet. The mormon name just protects them from the suspect list in jail. All rowdeys hang around each other any way because you all seem to drift in the same way of the smell of pot. When I go to ~~see~~ you I will bring you baggies so you won't just dehidrate from residue on the brain. Oh well so much for stoney talk. Sal, you are really the best and closest friend I have ever had. I have never had a friend who has just been perfect to talk to in times of my problems and troubles. We have really gone through a lot together and I will always remember it. I could go through all our Remembers but that takes up space which I have little of ~~here~~ since you didn't save me a spot to write our history out on. Oh well to get back to the sincerity of my letter. I really mean I am going to miss you but I'll call you at least every month and write you every week so we can stay 1/2 as normal as we are right now. Promise me also that when you come back on vacations you'll do things with me and not just hang around Deb and run her errands for her cause we will really be missing out on the hotest year together in high school.

Thanks again for all the clothes I have borrowed from you I swear it really was a change from uniforms to free dress. and without your clothes I would just be wearing my rags. Well Sal I guess I will have to close my letter. Have an insane time in Utah and always remember me cause you are the only person I have and dig being with. Love your Bud, Peg

# JUNIORS

Denis Barba, President

Denis enjoys seeing juniors spirited and involved in student affairs. He hopes he has contributed to this spirit and involvement through his position as Junior class president. Denis doesn't have any immediate plans for a future student government position, but has plans for a career in medicine.

Grace Killelea, Vice President

Planning a prom takes quite a bit of time, and Grace puts in plenty of that time helping to make the junior prom a success. Going to meetings, making posters, and relating to people are all a part of her job as vice president. Grace hopes to obtain a position on Uni's A.S.B. cabinet and go into a career in medicine.

Bernadette San Filippo, Secretary

Being a member of Uni's student government has special meanings to Bernadette. Having her say when she has an opinion is one of those special meanings. Bernadette hopes to become a full-time secretary in future years, and hopes to run for secretary on Uni's A.S.B. cabinet.

Ann White, Treasurer

Taking care of the budget for the junior class is a job Ann enjoys because it is a way she can become involved in Uni's student affairs. To Ann, being a treasurer is not just holding a title, it's a position which she has been entrusted to by her fellow students.

# Halloween visits Uni

On October 31, the student body really got a big shock. As they walked past the religious center, they noticed bananas, old ladies, doctors, fig newtons, plutonians, cowboys and many other assorted people. Then they realized it was Halloween! The Juniors showed their uniqueness by coming up with many fine costumes. The Junior class appreciated the chance to see each other in a different light, and the school as a whole expressed themselves through their creative costumes.

JULY 29, 1976

Sally(George)Epperson, the mother of two kids (HA.HA) and a very good twin. Wow we've done so much in such a little time and know it has to end. I know I already said this but I'm going to say it again, thanks for being you and giving me a chance. Most other girls wouldn't have. At first, to tell ya the truth I thought we would never get this involved. But I guess things change. You know I'm going to miss you a real hell of a lot, but I should get over it right! Hey, I hope you have just a really bitchen time and hope you make alot of trusting friends. Guy, partying in the snow sounds bitchen, but living with two sisters as mormon's who know what will happen. Don't brake any bones either, but I guess all-pro skiers don't brake bones right. When your up there I just want you to remember all our coincedentces and all of the things we did together. I don't want to make this to much because I want to ~~get~~ keep you interested. When you come back I'll be looking for you and I have this feeling I will find you sooner or later. If you want to write me I'll leave address, but if you don't I will understand. Enclosed is word's to a song I'd like to give you. It's called the Thank You Song, its by Led Zepplin, on Led Zepplin II. In this song are my real feelings about you deep inside. Well I'd better go know even though I don't wanto, your already probably asleep. Sal, I want you to know that deeply inside I LOVE You, I'll LOVE YOU for everything. Have a good life ahead and I hope to see ya.

Forever Love,
Scott(Mo) Lee

SOLITUDE

In the cold, gloomy room sat Thomas, the delinquent who occupied the room. He had been arrested two days earlier on a shoplifting charge and now had grown accustomed to his sorrowful fate. His room was unfurnished except for a small cot boarded to the far wall. Along each wall were initials carved by various kitchen utensils stolen by previous inmates. Words of profanity were evident among the smearings of body residue and other filth that had accumulated there from the room's long existence in the Garden State Home for juvenile delinquents.

As Tom sat pondering at his future, he noticed a small yellowish-green beetle climbing up the wall and then entering a small hole in the corner. The room gave a feeling of death and loneliness. The room was like a picture of a box with two still objects inside.

Suddenly, a tightly sealed door opened and Tom's parents stepped inside. The opening of the door broke the silence like the firing of a shotgun. Tom's parents and the guard of Tom's room escorted Tom out. They left the room as silently as they had entered it.

# SOPHOMORES

Mike Goscienski, President
Being a spirited sophomore, Mike naturally wanted to get involved in Uni High School's activities. He succeeded in fulfilling his desire by becoming sophomore president. Mike coordinates sophomore activities and acts as sophomore class representative of our school. Mike is interested in law and politics and looks forward to being a member of Uni's A.S.B. cabinet.

Kathy Balsan, Treasurer
Kathy feels she ran for treasurer to get sophomore spirit up in her fellow students. She feels she is expressing herself by getting involved in student government and by tending to financial matters concerning the sophomore class. In future years, Kathy may use her experience as treasurer and run for office on Uni's A.S.B. cabinet.

Debbie Barba,
Vice President
Getting things done is a real goal Debbie strives for, and by acting as sophomore class vice president she can achieve her goal of getting things done by getting sophomores spirited and active in school activities. Debbie hopes to become a future member of Uni High School's A.S.B.

Irene Deptuch,
Secretary
Taking notes, running errands, and organizing materials for the sophomore class are all a part of being a class secretary. Secretary is a position Irene enjoys because it is a way she can get other students' ideas and relay them to A.S.B. Irene hopes to become a social worker and may run for a student government office in the future.

# Having fun on Halloween

# "The Rebel"

"The 36th President of the United States, Richard Milhouse Nixon, has just resigned his presidency," reports a familiar voice over the radio. Click! David turns the radio off in disgust and gets ready for school.

"Watergate! What next?" he mutters to himself as he finishes his breakfast with his large family. As David is riding to school on the bus, he looks out the window and sees the glowing hot sun.

He's suddenly in the deep tropical jungles of Africa, his kingdom. His flesh is scorched by the sun's penetrating rays and his throat is parched dry. He sits among the lush scenery and vast amount of trees. Among his kingdom he sits and drinks a sweet, refreshing nectar and ponders the day away. Trickles of sweat run down David's face as he reaches the school building.

"David, where is your essay? It was due two weeks ago. Have you no responsibilities? I'm going to call your parents. . .," accuses the English teacher.

"Hail David! King of all Kings! Master of all Masters!" chants his loyal servants, as they shower his with presents and treasures. "David! David! David!" they cry in exhiliration.

"Hey, David! David! Did you hear about Mary Longstrom? She was beat up by two tough guys last night!" inquires Jack, David's lab partner.

In an immense room decorated with rich velvets and satins, David is pampered by his harem consisting of 150 of the most beautiful and exquisite women in the world.

"Oh, David, you're soooo divine," purrs a gorgeous blonde.

"David, you're so suave and sophisticated," sighs a dark complected woman, breathlessly.

"That David Brenner is such a freak! He's always daydreaming! What a goon!" giggled Pauline Wright as she passed him in the hall.

David, in his best, most expensive knit suit, and his wife, in her best chiffon formal, sit at the head of a long table as honored guests.

"We are all here tonight to honor Mr. David Brenner for his courageous and heroic deeds in the Vietnam War," announces Howard Cossell, the M.C. of the evening.

"David, your English teacher called today, she said you neglected to hand in a report. You are restricted to your bedroom for the whole week, starting now!"

David walks wearily away from the dinner table, away from his family and away from reality, to his bedroom, his harem, his kingdom, his palace, his only salvation in life. . .

# FRESHMEN

Belinda Alcantara. President
Belinda feels she ran for Freshman Class President because she had the time and energy to do the best possible job. Her main goal for the Frosh class was to raise money and help the class in as many ways as she could. Belinda may run for a student government office on Uni's cabinet in the future.

Donna Long, Vice President
Donna hopes she has helped the Freshman Class by devoting her time to the office of Vice President. By assisting the President, Donna did help the Class and also gave herself a chance to express herself in her work. A future Uni student government office may be in Donna's plans.

Karen Mudgett, Secretary
As Frosh Class Secretary, Karen takes notes, goes to meetings, and helps out the Freshman Class as best she can. Bringing up spirit is a way Karen can achieve a means of self-expression and help her class. Karen feels becoming Freshman secretary is a starting point to being involved in Uni High's student government.

Karen Eckberg, Treasurer
Karen ran for Freshman Class Treasurer because she felt she could do the best possible job and thought it would be fun. Her money-raising plans for the Frosh class included a dance and candy sales. Along with the office of treasurer, Karen was on the swim team. A future Uni Student Government Office for Karen is not definite at this time.

The staff of PRESIDIO '76 would like to thank all the people who supported our work in making this book a success.

First of all we would like to extend our appreciation to those advertisers who gave their time and business to us. We hope that the readers of PRESIDIO '76 will patronize these businesses.

Next we would like to thank the patrons for responding to our requests.

Most of all we would like to thank the students, faculty, and alumni who helped bring advertisers to our attention and also supported PRESIDIO '76.

Once again this year has come to a close. And with that closing, comes, PRESIDIO '76. This book is a collection of memories, to be signed by friends, then saved in that special place that annuals are kept. Hopefully, it will be a collection of everyone's memories, but if we missed anyone, we are sorry.

I'd like to mention all the people on my staff that helped me. First of all, thanks to Ernie Torgeson, for all his hours spent in the darkroom, and to his photography staff, Annette Hoyt, Greg Albright, Cheryl Devall, Kevin O'Hea and John Doty.

Next, thank-you Charles Riley and Carin Faz for raising the money needed to produce this book.

Then I'd like to thank all the others that helped, Sonja Wicker, Patty Paterson, Annette Hoyt, Jacque, Schwartz, Gloria Stevenson, and all the rest that I don't have space to list here.

I sit here recalling all the time spent, tears shared, deadlines met, and friendships made, I feel sad that the time is over, but happy that I have lived through it.

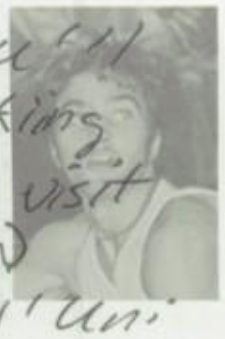
Hey Sexy Sally,
What can I say? weve
HAD Alot of ~~geeeat~~ great times
this year. I'll never forget
the times in back seat of
~~the~~ Sally Sexy Mobile
On the way to dances,
muching out ~~at~~ at TACK'S ect.
And I ~~better~~ see your
this Summer so we
laugh about old times.
Have a alot of fun
in UTAH, I know no
morman going to change
~~Change~~ your ways. And you'll
have to give me some SKIING
tips when I come up to visit
you. Ok Ok (I get your bedroom)
Too bad your leaving ol' Un.



# Autographs

next year. I miss you alot
but I'll always remember
your sweet personality, your big
smile, and your sexy walk.
Your one of nicest women around
and a great friend. ~~Mistake~~

Well I almost middle it, filling this page.
You & Doob & me will have to go
down to the beach this summer.
I can't wait to see you in ~~bathing~~ suit
(whoooYAH! ~~[illegible]~~)

TAKE it EASY

LOVE Always,
Charlie (Teckel)

Hey
-Sally-
The nerve of
you, refusing to
sign my yearbook!
Chump. Let's go broke-
boarding this summer
ok? + get tubed. You are
the one with the power
tantilizing week. Don't
get any ideas about me,
normal. Call me this summer
+ we can do something
we can grab some P.L. Always.
Love always.
Sharron 291-1763

Sally,
Well the year has finally come to an end. I hope that our friendship does end. When you are in Utah write me and all me how things are going, my address is:
3131 20th ST. 92106
Hope to see you at least during the summer!
Love,
Robert

Sally
I am gald I met you this year, your a real nice person, Its to bad your leaving but I hope I see you agian. have fun during the summer
Love
Janet.

Sally,
Its been good knowing you this year and being in some of your classes Its too bad you're not gonna be at good old Uni next year this School will be missing something without you. You're really a sweet peron and I wish we could have gotten to know each other better. Good luck always. Dont forget the old lady at the prom.
Love
Judy

Sally,
Have a great summer
and have fun ~~a~~ in Utah
next year! May be it will
be better than this
one. But I had a half
way deasent year. Its
been fun Cecil's dass,
your a really sweet girl
stay cute.
Love
Karen R.

Sally,
I am glad I got to
know you, I think you
are a really nice and
fun person. I think you
are one of the best looking

-Sally-

Well finally school's out. I don't want to make any long speeches or write you a long boring story of my life I just want to tell you that I'm very glad I met you and I hope you have a great Super, Summer and hope to see you next year.

luv
Charly

Sally,
I don't believe this year went by soooo fast and school's already over well maybe I'll see you down at the beach sometime or party but even if I don't then have a terrific fantastic excellent summer and don't get too black!
P.S. stay as nice & beautiful as you are!

love Gina Scuto

-Sally

Well somehow we made it through the year. Don't ask me how, but we did. I wish I would have gotten to know you this year cause you're really alot of fun to talk to about all the weird people in this school. Well have a great summer & Take-Care.
(Have fun in Utah, see ya when you get back)

Love Leslie

Sally
I'm glad I got to know you this year because your such a hot person to know and the skiing sounds good to us can ski together. That Sounds good does in it. See you in the Summer. Come down to the dock to Hilton

Love Dan

Sally,
Isn't it nice, cute girl (?) how your name rhymes with Valley. See you at the beach this Summer. You also so To Ocean Beach, don't you? I know you will have a good Summer and I hope to see you Sometime Soon.

Patty

Sally
Though I would have to gottes to like to gottes but it knew better but it never happed. O.B. durims the summer all be thier I hope to see you in your suit. well I been trims to thank at someways to see I more often. Love always
so I hope
Wally

Sally
so a fellow blob later. Really had great year together. I'll miss you next year but I'll be back next year with all my friends to O.L.P. but in case you change your mind I'll see you at a big Junior. At the beach, it'll be me diving.
Have a good summer.
Your John Gonsalves

Dear Sally,
Well I never really got to talk to you, but know it was my loss. When I did see you, you really seemed like a really nice girl, maybe a little crazy. But anyway I hope you enjoy your stay in highschool and that you meet alot of neat worthwhile people. Good luck in your years to come
Peace & Love,
Kenny Berg

Sally,
We miss ya lots at OLP, See ya later and have "fun"
